Spring Edition 2025

We are pleased to announce that DMH has had a successful year in Health & Safety with 0.00% accidents/incidents on our sites. This success is due to improved safety procedures and increased employee engagement. Key factors include strong leadership, clear communication of safety expectations, and a culture that encourages reporting safety concerns. Our commitment to continuous improvement is shown through regular reviews of safety procedures and the implementation of best practices, following the Plan, Do, Check, Act approach.

Charity Golf Match 25 July 2025

We are excited to be hosting this year's annual charity golf day once again at Mendip Springs Golf Club on Friday, 25th July 2025. This event celebrates our clients and supply chain while raising funds for Weston Hospice care. Weston Hospicecare has been providing free care to people with life-limiting illnesses and their families throughout the local communities in our area.

Should you wish to support this charity by offering a donation, please click on the below link.

Using partitions can create accommodation into functional and private spaces, particularly in studio apartments or shared living areas.

They offer a way to divide a room into distinct zones, such as sleeping, studying, or socializing, while also enhancing privacy and a sense of home.

Turning offices into space:

We transform office workspace to a more versatile and comfortable environment.
